

## VILLAGE OF UPPER BROOKVILLE GARBAGE DISPOSAL DISTRICT (GDD) Collection Rules

Carter:	Daniel F. Allen & Co., 114 Sylvester St, Westbury, NY. Ph: (516) 333-5711
Collection Truck:	A small, 10-yard dual compartment refuse truck, capable of loading recyclables as well as trash in separate compartments.
Contact:	Call Zack Allen at (516) 581-5887 with service questions or special needs.
Hours:	Waste and recycling collections will be either Monday & Thursday or Tuesday & Friday from 7:00 a.m. to 5:00 p.m. Dumpsters up to 2-yard capacity will be collected once a week. The Village will notify you by email with your pickup schedule on June 26, 2017.
Holidays:	There will be no service on the following holidays: New Year's, Memorial Day, Independence Day, Labor Day, Thanksgiving and Christmas. If the holiday falls on a week day, collection will be one day late for that day and each day that week after the holiday. If the holiday falls on a Saturday or Sunday, regardless of when it is observed, collection will be on a regular schedule. Check the Village website for calendar to download.
Container Size:	Most standard residential containers up to 2-yard "estate" dumpsters. All containers must be provided by the resident.
Recycling:	The Carter has invested in a custom designed, smaller, lighter weight vehicle with two compartments in the back; one exclusively for recycling and another for trash which will be processed at the plant. Residents may provide a separately identified container for recycling, if desired. However, the Carter has the resources to process refuse at the plant and will extract recyclable materials via the "Single Stream Recycling" process so residents are not required to separate.  Paper products such as newspapers, paper, broken down cardboard boxes, junk and other mail should be stacked and tied with string and left next to the containers for recycling.
Back Door Service:	The GDD offers Back Door Service meaning the hauler will drive up the driveway and collect the trash from bins and garages. If the containers are in the garage, the hauler will open the garage door, empty and replace the containers, and close the garage door.  Residents will need to provide carter with gate and garage codes where necessary. Note: the Carter will diligently remove most items that are stacked next to, on top of, or leaning against the trash containers—so please keep items that are not trash in separate, distinct areas.  Residents may also elect to leave trash containers to be collected at the curb on collection days.

Bulky Items	Bulky household items will be collected once monthly and will be picked up on the regular garbage day with 24 hours notice to Zack Allen at (516) 581-5887. Bulky items include appliances, furniture, rugs, mattresses and other residential household items weighing less than 500 lbs. washers, dryers, stoves, refrigerators and freezers (freon lines CANNOT be cut. NYS Law mandates that refrigerator doors must be removed before setting them out for disposal).
Lawn Waste:	Up to two (2) containers of residential lawn waste will be collected twice a week on pickup days. Includes: leaves, bundled branches, brush, plant trimmings and prunings, tree limbs (less than 6 inches in diameter) and grass.
Trees:	Christmas/Holiday trees will be picked up with regular weekly garbage.
Emergencies: (e.g. storms or a pandemic):	During emergencies, such as severe storms or a pandemic, access to homes may be curtailed or the village may generate excessive amounts of garbage. Residents may be limited to two containers per pickup or other necessary modifications.
Snow Days:	On snow days your driveway and road must be clear enough for the truck to reach the house for collections to occur.
Construction/ Demolition Debris:	Bricks, mortar, concrete debris, cement rubble, stones, lumber, paneling, rolled insulating wiring, pipes, plaster, and dirt/sand that was part of a construction, home remodeling or improvement, landscaping project or removed from the village's right of way in the street is not considered trash and will not be picked up.  If you require a dumpster for large construction and remodeling jobs you may call D.F. Allen at (516) 333-5711 for GDD rates or another disposal company of your choice, in each case at your own expense.
Unacceptable General Items:	Dead animals, explosives, regulated household hazardous waste, flammable liquids, lead batteries, rechargeable batteries, car parts, hazardous or infectious waste, sludge, septic tank pumping, junk automobiles, medical or pathological waste, tree stumps, dirt, rocks, root balls, sod and railroad ties. A substance is considered hazardous if it ignites easily, reacts or explodes when mixed with other substances, is corrosive or toxic. This shall include, but not be limited to explosives, toxic materials, pesticides, fertilizers, compressed gas cylinders, propane tanks, oil, antifreeze, oil based paint, solvents, rechargeable batteries, propane tanks or cylinders (full or empty) and Mercury or Mercury containing devices.
